

Course Outline: Integration of Technology

Introductions

Introduction & Objectives

Activity 1 – Introductions on the Discussion Board

Unit 1

Module 1- What is Technology

Activity 1 - KWL – Activity to explore what students already know about technology and what they want to learn about technology

Activity 2 - Discussion Board Activity – participants discuss how they feel about teaching with technology.

Module 2 Technology & Our Students

Activity 1 – Matching student skills with integration activities

Activity 2 – Matching student technology training with integration activities

Activity 3 – Creating a short technology plan for implementing 1 activity in the classroom.

Module 3 - Introduction: Incorporating Literacy into ABE Programs

Quiz 1 – Quiz over Module 3

Unit 2

Module 4 - Types of Software

Quiz 2 – Quiz over Module 4

Module 5 - Evaluating Software

Quiz 3 – Quiz over Module 5

Module 6 Software for Integrating Technology:

Activity 1 - Discussion Board Activity - Dialog about the types of software the participants are currently using or are thinking about using.

Unit 3

Module 7 - Internet Considerations

Activity 1 - Netiquette Quiz

Activity 2 - Discussion Board Activity – participants examine their AUP and analyze the benefits of such a policy

Activity 3 – Discussion Board Activity – participants review student technology tutorials.

Module 8 - Educational Web Sites

Quiz 4 – Quiz over Module 8

Module 9 3 -Internet Classroom Activities

Activity 1 - Scavenger Hunt – Online activity exploring resources for the classroom

Activity 2 - Discussion Board Activity - each participant evaluates an Internet resource for the classroom.

Unit 4

Module 10 - Internet Tools and Resources

Activity 1 - Discussion Board Activity – participants view several integration of technology project (video) and explain how they might use something similar in the classroom.

Activity 2- Resource Review – Participants search the web, select 3 resources and explain how they would use this resource in the classroom.

Activity 3 - Discussion Board Activity – Participants discuss how to use several web tools in the classroom

Module 11 - Emerging Technologies - New web tools and Web 2.0 applications

Activity 1 – Discussion Board Activity – participants discuss how they would use emerging technologies

Week 5

Module 12 – Developing Computer-Based Learning Activities

Activity 1 – Final – Participants create a technology activity for integration into the classroom.

Module 13 - Wrapping it up....What We Learned

Activity 1 - KWL – Completion of the beginning KWL...what did we learn.
